Welcome to the Spring 2019 edition of the Condo News!

From the EDITORS' DESK

■ The Communications Committee is in the process of reviewing whether the magazine format still makes sense in a digital environment. We have considered whether to transition to an online-only magazine format or transform to an online-only information format without the constrictions of magazine publishing, page limits, word counts, and deadlines.

We are in the very early stages of this discussion. Before moving ahead, we encourage your feedback. Your comments and suggestions will help

shape the future of the Condo News. In addition to the format, please send us your feedback on what needs to be improved and what content you would like to see in future editions.

This edition includes a survey for condominium directors/owners and another for professional and business partners. The Golden Horseshoe and Grand River Chapters may deliver copies of the surveys with member renewal packages and make them available online in the near future. You will have the option of submitting your survey in print or online. Please refer to the survey for delivery instructions.

Enjoy all of the content that this edition has to offer. As the condominium industry continues to evolve and grow, we hope that the Condo News provides you with resources to stay informed. Thank you to the many volunteers who write articles, edit proofs, obtain content, and come through in countless other ways to make this possible.

Mark Willis-O'Connor
